## Technology

[November 28, 2018]

Winnie and I (Derek) each have a relatively long 25-year history of working with technology, managing very large data sets, and building software and hardware systems to manage and analyze that data. Data.gov is the U.S. Government's repository of publicly available data data. Other data sources include the Natural Medicines Comprehensive Databases and Canada's Licensed Natural Health Products Database (LNHPD).
